EDITOR'S VIEW

It is an honor for me to edit this small booklet for the Glory of living God. I know Dr. Pasala for nearly five years. Our first meeting was in the English Department, where I am working in the University. I believe it is God's purpose that I met this great man of God. I was invited to his Church to share the word of God. I went to the Church to share the word and I could sense in the spirit the great ministry that the Pastor is doing. When I was editing the booklet I was surprised to read the hardships the Pastor and his family went through in the ministry. But God honors his true servants became evident through the life of Dr. Pasala. Every incident in the book is an eye opener for the Christians who take a decision to follow Jesus at any cost. I believe that it is God's opportunity for me to edit this booklet to know more of Dr. Pasala which would certainly make every reader to identify the greatness of our living God.

Thank you.

Life and Ministry Of Rev.Dr. Pasala Victor Prabhakar

Born: 1st October Thursday around 6:00A.M. 1953

Re-Born: 7th February Monday around 7:30pm 1972

Birth

Born to Pasala Samuel (Senior Engineer Hindustan Ship Yard) and Esther (Bible woman Canada Mission - CBCNC) on 1st October Thursday around 6:00pm 1953.

I am the third son after two sons. My mother was looking for a baby girl, so that she refused to see my face. After one week, my maternal uncle Rev. Gompana Peter came to visit my mother and me. He came to know that my mother was not happy with my birth, as I am happened to be a baby boy. My maternal uncle gave prophesy that I will become a great servant of God. The prophesy was fulfilled in my life. After that my mother started to love me by dressing me as a girl. My father gave me the name Prabhakar (Means morning raising Sun). My mother added Victor. So my full name is Victor Prabhakar. Victor is having a story. My mother used to work with Canadian Mission as the Bible woman. Once she visited the lady missionary Miss. Johnson at Hillcrest Bungalow. As my mother was sitting at the missionary's house, Miss. Johnson shouted; Victor! Victor! My mother thought that she is calling some guest in the house. After some time, my mother saw a cat coming out. My mother asked her "whether Victor is the name of the cat or a person? She said yes, Victor is my cat's name. My mother asked her; if God blessed me with a boy child, can I name my son with Victor. She said yes. That's how I got the name "Victor". My complexion is black, so my mother gave me a nick name "Karrodu" it means black boy.

Father

Pasala Samuel

Sri. Pasala Samuel was the only son of PasalaThammaiah and Atchamma. Due to early demise of his father his uncle PunchaAppanna of Bharnikam village near Parawada of Visakhapatnam District has taken care of young Samuel. He did his studies in local High school. At this juncture

Canada Baptist Missionaries started their work in Visakhapatnam District and placed Rev. Gompana Joseph as missionary Pastor at Parawada village. Sri Samuel was the first fruit for Lord in that village. After his Baptism he led many of his relatives to Jesus Christ. He underwent theological training at Baptist Seminary, Kakinada. He had good Christian upbringing under the able guidance of Rev. ChettiBhanumurthy the seminary Principal. He married Esther, a Bible Woman, in the year 1944 after a brief service in the Indian Army, he joined in Hindustan Shipyard Visakhapatnam, the first ship building yard and retired as Senior Engineer in the year 1982. He was one of the founder members of Calvary Baptist Church and served in the Church by holding several port folios for several years. He rendered valuable services to the Church. Later he slept in the Lord on 29th November 1987. The church expressed its gratitude for his and his family's selfless services.

How my Father accepted Christ as Savior

My grandfather PasalaThammaiah and grandmother Atchamma lived in Burma in the early days. By that time my father's age was 12 years. My grandfather used to supply milk to the Reddiyar Hospital in Burma. While he was crossing the rail lines, he met with an accident and was dead. So my grandmother came back to India with my father and his only sister Santhosamma. They joined with the family of UnclePunchaAppanna of Bharnikam village near Parawada of Visakhapatnam District. My father done his studies in Paravada High school. During his youth, he was very much interested in the religious practices. He got a Guru who used to teach the mantras andWitchcraft. With those powers, he uses to catch the running snakes. At the age of 22, he remembered that he used to attend a church in Burma at the age of 12. He remembered the stories of Jesus; which was told by a Sunday school teacher (Tamil Akka). So he went to the Guru and asked him to teach the mantras and the witchcraft of Jesus. TheGuru told to my father, it is not possible. My father questioned him; why? Guru replied; that Jesus is the real God. Then he questioned; what about our Gods? He replied that they are the powers. My father told to hisGuru, I want the real God; not the powers. Then the Guru said, depart from this place. My father found a pastor, named Gompana Joseph in the Village Paravada; and came to know more about Jesus and took baptism. My father is the first member for the Paravada Baptist Church. He was the inspiration for us for the Sunday school works.

Pit to palace

My father worked for some time in Brother's work shop at St.Allowses, placed at Kotaveedhi, Visakhapatnam. From there he joined in Hindustan Ship Yard as plader for Rs.45/- salary per month. During his work in ship yard, he did his education besides the ship building course from Calcutta. With his hard work and sincerity, he became the Senior Engineer in the Hindustan Ship Yard. Around 3,000 people used to work under him. He got a very good testimony where he worked. Later he got retired in the year of 1982 and died in the year of 1987. In the gap of that five years, he helped one of the private industry named Ashok Industries; with his skills and experience. They used to give some honorarium to him for that. The Co-workers of Hindustan Ship Yard from where he retired; their love was not vanished towards him. When he died in the year 1987 hundreds of people attended his burial from Hindustan Ship Yard. For my father's burial; there was a procession of people which extended to at least one kilometer. All the people were crying to show their respect for my father. We have seen how our father loved by the people. All the Church elders, heads and the leaders of the city attended the burial including the public.

Teachings of our father

My father was neither a Pastor nor a leader. He was our guide and teacher. He taught us, how to live a model life. He told us lots of moral stories; in his teachings. We can say that we are having this kind of model life because of our father's teachings and the guidance.

Story of Lion

He told us a story of a lion to have the hard working and moral in the life. He told us, the lion will not eat others' hunted food. It will wait till even three days to hunt all by itself and eat before the blood of the hunted one dries in heat. He conveyed us through this story, not to depend on someone for the food. Work hard yourself to make your food. In the Bible also it was mentioned in 2 Thessalonians that everyone must work for their own meal.

Helping Hand

My father taught us not to stretch our hand for help from anyone. Your hand must be the giving hand. Help people when they are in need. Do not expect anything in return or mercies from the people. When you work hard, you will be blessed in all means. This teaching helped us a lot to work hard for livelihood to stand ourselves and also to help other.

Stand for justice

My father taught us; when the whole world says some wrong statements with oneness; do not join with them. When there is justice with one person, stand with him. Justice wins and stands even though it is not having the majority. Truth and the justice are so powerful to stand all by themselves in any situation.

Teaching for the humility

One day one of our relatives was showing our father's picture to everyone, which was taken at the time of baptism. In that picture my father is getting ready to go into the tank to take baptism; he just had a cheap quality of towel on his body. My relative was telling to everyone, this is the stage and status of these people. He did that to defame us. Why he is telling like that? Because God blessed us a lot by that time. We (four brothers) were very much pained and tried to go and speak to that man. Our father saw our feelings and he asked why you are like that? We told him that what our relative did. Then our father taught us; when someone was talking about your poor and pathetic stage to defame you, praise God; that how much He blessed you. Do not try to attack the relative for that, be thankful to him as he was helping you to remember your humble beginning. As long as you remember the humble beginning, you stand strong and go further developments. We were really consoled very much and learned a great lesson to grow more in the life.

My father gave the better life

He gave good education for all four brothers and one sister. We are settled in very good jobs and married educated and employ women. All of our children are in very good positions. Some are in the different countries. Even our grandchildren were very much blessed. Our father gave us the good education, good wives, best positions, properties extra. He is the great father. In other words we can say he lived for us and died for us. He never uses to think about his luxury and facilities. He gave everything for the children. We the children; loved him a lot. On foot side of his tomb; we wrote these words; "We owe to our father; because he sacrificed his life for us".

We are the Living witness

In the Gospel according to Luke chapter six; Jesus said you will come to know about the tree by seeing the fruit. He did not say that for the sake of fruits; He said that towards the family. By seeing children, we can know about the parents. Some parents say that we led the children in good way, we don't know why they became evil?

My father used to tell by basing on Bible. "Good tree bears the Good fruits". He gave the silent message to the parents to show the exemplary life to the children, then the children automatically will be the good children.

This lesson made me to lead my son in better way, to mold him and make him as the good fruit. So my one and only son had the disciplined life and he became the missionary to lead the wide ministry for the Glory of God.

A Family Prays Together –Lives Together

Mother

Gompana Esther

About Grand Mother: GompanaPaidamma

My grandmother's name is GompanaPaidamma. She was the miracle woman. She married to GompanaKannayya. When she was pregnant to

give the birth to the first child, died with no reason. This made all the relatives including GompanaKannayya very sad. With great sorrow and grief they took the body to the burial ground for the cremation. According to the custom; GompanaKannayya put fire to the body. While some people are there to watch the body to burn totally, when the heat touched the body, GompanaPaidamma got the life back and started moving. The people, who are watching, called all the people back. Then they removed the body from the fire kept it aside. She had delivery pains and gave birth there itself in the burial ground. That was the first birth. Baby boy was born. They named him as Joseph. After that boy, she was blessed with another eleven children. So GompanaKannayya and Paidamm were blessed with twelve children, eight boys and four girls.

Esther; she is the last child out of twelve to her parents GompanaKannayya and Paidamma. Her brothers and Sisters are 1. Gompana Joseph, 2. Gompana Paul, 3. Gompana Sundramma, 4. Gompana Elijah, 5. Gompana Yacob, 6. Gompana George, 7. Gompana Peter, 8. Gompana John, 9. Gompana Anamma, 10. Gompana Bhushanamma, 11. Gompana Luka, 12. Gompana Esther. She did higher grade training besides the Bible

training. She worked with the Canada mission as the Bible woman throughout her life time. She led the children in to the spiritual life. She used to pray for the family and the ministry early in the morning. I have learned that prayer life from her. She was healthy and beautiful lady with spiritual life. She is the model mother.

Praying Mother

My mother is the praying mother. She used to get up early in the morning, when it was dark for personal prayers. I used to watch my mother waking up in the early morning; I used to follow her to watch what she does? I found her praying for us and everyone in the church and for the relatives also. She used to pray for long time for many things. That made me to be a prayerful person in my life. Besides the family and fellowship prayers; I spend much time in the personal prayers in the early morning sharply by 4:30am every day till now. I am very much thankful to my mother who made me to pray for all of my life time. She made me the prayer warrior. She fed us with the word of God and taught us to pray. Those two things made us to walk in the life for God.

Our mother's teachings

Our mother used to teach us the bible stories. She used to give us the home work to memorize the Bible verses. If we don't read the Bible and tell her back the Bible verses; she use to give some kind of punishments. Besides that she was also taught us to pray every day. She was the most prayerful woman. I myself learned from her to get up early in the morning for the prayers. As the matter of fact I have learned a lot from my mother, which made me as the God's servant.

Childhood

I Can say that I was the most ignored boy; my mother used to leave me alone at home as she went for the Gospel works. Dogs used to play with me, sometimes used eat with me.

For this reason I got Pneumonia in my childhood. As I am growing, my mother used to take me with her for gospel works. While she is preaching or teaching the God's word; I used to watch very keenly, with the desire to become the God's servant. That made me as the God's servant now. Even in the childhood days; I used to do lot of distribution of the Gospel tracts to the non-Christians. I used to present Christ to the people with my little knowledge.

God protected me from death

When I was a little boy, our house tails shade fall down. My grandmother PasalaAchiyamma, my sister who was born after me and my maternal Uncle Luke's daughter died. It was a great tragedy in our families. In that great situation, God protected me with a small injury.

When I was in the elementary school, one fine day I went to beach with my friends for swimming in the Bay of Bengal. At one stage one big wave came over me and pulled me into the ocean. I was almost under the water and came to know that I am going into the sea. I really don't know how to swimming. All of a sudden another big wave came and pushed me to the shore. That was the last time for me to try to swim into the waters. I never tried to swim any time in my life.

Youth

I Can say I am the most ignored youth and ill-treated by the peer group; as I have no talents. I was an average student and black boy. Many times I used to feel, why I was born? What for I am living for? Lots of questions I use to have about my future life. At one stage bad friends, street fighting's and was involved in all kinds of worldly activities. I joined in Dr. V.S. Krinshan College for plus two. During that time on 7th February Monday around 7:30pm 1972, I accepted Jesus Christ as my personal savior. There my life took U turn. I used to give testimonies and messages in different churches. God used me as the fire brand everywhere for His glory.

Leading Youth in Spiritual way

I was a very active person in the Calvary Baptist Church. God blessed me to lead youth in the Lord. Around 30 youth spend much time in the prayers and the Gospel work. We visited many villages to proclaim the gospel. Friday whole night we used to spend in fasting prayers; early on the Saturday morning around 4:30am, we all used to walk in the streets as procession and sing the gospel songs and preach in street corners. Sometimes we used to be attacked by the Hindu leaders. God blessed all the youth who were there with that team. They are in very good possessions now. Some of them are in the ministry as pastors and as evangelists. It was the great spiritual move in those days. It came in every church among the youth. Some of them were formed as upper room fellowship. Upper room church in Visakhapatnam is the fruit of this spiritual movement.

Downfalls in spiritual life as youth

Youth shall faint and be weary and the young men shall utterly fall - Isaiah 40:30

It's happened in my life also. Turn towards the glitters of the world. God never left me any time to destroy myself in this worldly life. When someone was in the predestine, God take care about them all times. Doing sin is different from living in the sin. When you are living in sin; you are in the situation that you will not come back

to God. Fear of God make you all time to stand for Him. As the word of God said, even though you fall; God will help you to come back again. "Do not gloat over me, my enemy! Though I have fallen, I will rise. Though I sit in darkness, the LORD will be my light - Micah 7:8". God raised me and restored me all the time to live for Him. I love my God much for the love He is showing towards me. He is with me all the time. He never left me any time. He is my God; Savior; Shepard; Redeemer; Guide; Teacher; and my Mighty power. I love my God with all my heart and soul.

Village Ministry

By His grace and mercy I have visited around 500 villages to share the Gospel and my testimony. I used to go with my youth team. We used to carry our food with us. In the villages; there is a lot of rejection. They feel that the Christians are the low cast people; and are said to be Un-touchable. They use to refuse to give even a glass of water for drinking.

Black bears and serpents in villages

In one village we have no food, we requested the village tea shop man to make some food for our team. That tea shop was very small hut. He made rice and one potato curry for the money we gave. In that small hut, he kept his cattle too. I asked him why you kept them inside. In India usually they keep cattle outside. He said black bears will come in the nights, and they might kill the cattle if they were kept outside for the food. We have no place to sleep in that village. It is very small village. The man who is with us belongs to that area, led us to sleep outside the village. There was a village office shed, it is just a small room which was closed. Around that room there is some sitting place like foot path. We were around seven youth who slept in that place. In the midnight we heard the roaring of the black bear coming towards us.

As I was the team leader, I had no sleep in that whole night and was praying on my knees to the living God. I prayed to God if the black bear did any harm to us, it is the bad name to the living God. While I was praying, I found the bear took U turn and left us. I found the presence of God with us. While I am praying I found a poisonous serpent passing by one of our team member. I cried unto God to save that boy. While I am seeing, the serpent was gone in another direction. God gave us the great protection on that day.

Crossed the rivers to visit villages

In one area, we were happened to cross one river to reach the village. Me and my team crossed the river by keeping our bicycles on our heads. My wife kept my son Samuel on her head as he was a very little boy. God did a great job in that village. There was very good response. People received Jesus as their personal savor.

Worked 18 years in Ship Yard

After my 10+2, I joined in Hindustan Shipyard and worked there for 18 years. I joined there when I failed in +2. While working there I did my all my education with my own earnings. I felt very happy regarding that. There will be the joy, when we pay our bills with our own earnings. This joy teaches us the values of life in all manners. Because of that I know the value of education, money, mostly of the life. I did very hard work for the education and did 21 years of education.

Bus Accident during the service in Ship Yard

In the year 1976 while I am traveling by bus to ship yard to attend my duties in the early hours around 6:45am, one truck dashed the bus very badly. The rear side of the bus was spilt into two parts. I fell down on the road with deep wounds. It was very rainy. My father was in the same bus sitting in the front side. He came down and holds me with tears. I saw that and lost my senses. People on the spot thought that I will die by the time I am taken to the hospital. I came to senses back around 4:00pm in the evening at hospital. When I opened my eyes, I saw myself with full of bandage all over of my body. I thought that I will be a cripple by the time I recover. By the grace of God within one month I was totally normal with good health.

Prayer cells in Ship Yard

I started the prayer cell in ship yard during the break time. It went on well. Instead of sitting and chatting the worldly things, we used to spend the time in Bible study and prayers. Gradually many prayer cells were stated in the ship yard in different departments. In other words people became more devotees in the Godly things. The believers in the ship yard call me as “Father of Prayer Cells”. The people who used to attend the prayer cells, most of them started their own churches and some are working as evangelists, Some involved in the ministry in the deferent ways. It is the great move of God. I felt happy the way God used me in that field.

God’s way of using in the ministry

I thought to do the ministry in my own way. Thought to have one bicycle and go to every village to proclaim the gospel. By that time my education is only 10+ 2. I was forced to do the ministry in the God’s way. God pushed me to do my studies. I did my B.Th. B.D, D.D with Master’s degree in Philosophy. God gave this education to preach in the effective way around the globe. I came to know that God’s plans are mysteries. We need to surrender to God in everything. God knows how to use us; because He made us for His purpose. Many people failed in the ministry, because of their own decisions in the life. God’s will be done on the face of earth as it is in the heaven.

Leading youth to Christ as the youth

I led young people to the Lord as a young man. We use to spend much time in prayers and have the prayer meetings in the youth's home. Through these prayer meetings, their families also use to join with us. We visited many villages to preach the Gospel with our own expenses. We faced many troubles in the village ministry. All those young are in the good positions now and witnessing the Christ to the non-Christians. Some of them are working as pastors and evangelists.

Attacks in villages

Once in a village during our preaching, around 12 young Hindu people came with sticks to beat us. By that time the village pastor was preaching. Among the twelve Hindu young people, the leader shouted and asked the pastor to stop preaching. That pastor trembled and stopped. Then I asked the youth to pray to stand there as strong witness for the Living God. I myself prayed and asked God to help me to share the Gospel along with my testimony. Then I shared my testimony to them, that how Jesus saved a wretched like me. All the Hindu youth were silent during my preaching. I have seen the Holy Ghost controlling them. When I finished my preaching, I called the leader of the Hindu youth and prayed for him. We all prayed for that village, mostly for the twelve youth who came to attack us. After one year we went to the same village again. The Hindu youth who attacked us last time, came to us with running and requested us to preach the Gospel to everyone in that village. We have seen the God's miracle work there. It taught us, if you stand for God without fear, God will do His works in His own way, for His glory.

Demons in village

One day we visited a village called Dusi, Srikakulam District. When we entered into that village by singing songs, One woman came by running towards us with loud shouting's, go away from our village, I am the Goddess of this village. We don't want this Jesus. All the village people came behind her. At one stage she fell down in front of us and released from the demon spirit. She requested us to pray for her to get relief from the demon spirit. She was the temple jogini who possessed with the demons during their festivals, to reveal the demonic prophecies.

Demon spirit followed me

I was invited to preach in a public meeting at Bitragunta. On the last day after the meeting, I prayed for the sick and demon possessed people. One young girl was released from the Demon spirit. The same night I started by train to come back to my home town. While I was relaxing on bed, the demon spirit appeared in front of me and smiling. I told the demon spirit to go away. It disappeared for some time and came back again. I commanded in the name of Jesus; do not come any more; otherwise I bind you. That's all, I have not seen that demon spirit anymore.

Married Life

was married to Danada Ben Helena Esther, eldest daughter of Pastor Danada Benjamin, in the year 1980 on June 10th. I prayed for three months, for the conformation of my marriage. I asked God for the woman who would co-operate with me in the ministry. God gave me such a woman to do this wide ministry. Acts 20:24 But I do not consider my life worth anything to myself, so that I may finish my task and the ministry that I received from the Lord Jesus; to testify to the good news of God's grace.

Mrs. D. Ben Helena Esther MA, B.Ed.

Mrs. D. Ben Helena Esther was born on 12 Sep 1958. She is the eldest daughter of Rev. D. Benjamin who has worked as a senior Pastor. Coming from a pastoral family, she is

prayerful and spiritual and committed to the mission. She is the back-bone to the successful ministry of Dr. Pasala. On the 10th June 1980 she got married to Dr. Pasala. On 14 May 1982 she gave birth to P. Samuel Ben Victor, Dr. Pasala's only son. Mrs. Helena used to work as a teacher for nearly 15 years. The church was started on 1st October 1993 at a school premises where Helena used to work as a teacher. As the church started growing in number and spirit the local people and nominal Christians demanded not to run the church there. One day they came in much number to break the church building. At that time Mrs. Helena requested them not to disturb the church, since she came forward, in-return they beaten her badly. This was one of the unforgettable experiences in our church history. Dr. Pasala and his wife prayed to God to open the doors to have a place to worship. By God's grace we have found a hall for rent at another place, to holding our Sunday service there. Mrs. Helena takes a good care of the church and helps in the women ministry and as well children ministry. Mrs. Helena from the time she came into Dr. Pasala life, she has been with him in the good time and the bad. She is a sweet daughter, loving wife, caring mother and most importantly a caring and loving spiritual mother to the mission. Mrs. Helena is a great support to Dr. Pasala and the mission.

Mrs. Helena's vision is to preach the gospel till her last breath. She had gone through three major operations and two minor operations. There was time she felt that

God is going to take her. She then prayed to God requesting to give her more life on the face of Earth, so that she can bring many people to Christ and also to see Samuel as a wonderful minister of Christ. Since then God blessed her with good health. She is living up to the promise she made. When we do his work, God will take care about us.

As a Father

Jesus said that we will come to know about the tree by seeing its fruits. Children are the **J**best imitators of parents. Parents must teach the children through their life. When parents have exemplary life; automatically the children will follow that. We trained Samuel in the model Christian life from the childhood. He did schooling at Timpany School. When he was in 4th class, in the children's survey, he said that he will become the Pastor when he grows. Head of the institute Miss. Mercey Jayaraj Rao called me and told me about that for the Glory of God. His disciplined life with the guidance of parents made him as the God's servant to do the wider ministry.

1st face: 40 years of life and Ministry

40th

Year is the turning year for someone. According to the Bible and world teachings, After 40 years of life no big developments will take place in somebodies life. May be some little developments will take place. Keeping this in mind, I worked very hard to achieve certain things in my life, finish my education, come for the full time ministry by leaving the secular job, have own house. Ordination for the fulltime ministry. By the grace of living God; at the 40th birthday; I came out from the Hindustan Ship Yard by leaving the job for full time ministry. I finished my education M.A, B.Th., B.D. D.D. New house opening ceremony, dedication service by Rev.G.Peter (Senior Pastor and my maternal uncle), plus 40th birthday function. We invited the city pastors/leaders with friends and relatives for that function. It was a big function. On that event we released a 40 years of life and ministry information booklet in the name of “Dawn of Victory”. (40 years of life and Ministry of Rev.Dr.Pasala Victor Prabhakar)You can see the details of that book now.

How Pasala Victor Prabhakar

Became an Evangelist - at - Large?

Let me tell you, my brothers that the gospel I preach

Is not of human origin.

I did not receive it from any man nor did any-one

Teach it to me. It was Jesus Christ himself who

Revealed it to me

Galatians 1: 11, 12 TEV

I Am very happy to have the souvenir on the eve of my Consecration service/40th Birthday function/house dedication, by the Grace of our living God I am privileged to see these wonder full days. I met with an accident on 10th July, 1976, one lorry dashed the bus in which I was travelling, It just dashed where I sat, the whole part was smashed and I fell on the road, it was raining heavily, my whole body became red with blood. Countless wounds on the body, my beloved Father was in the same bus, he took me into his hands. People thought that I would die before they took me to the hospital. I lost My senses at the time of accident that was at 6:15 A.M, when I got Senses it was 4:00 P.M, I was on the bed in King George Hospital, I was with full bandages, I thought that I would become shapeless after removing the bandages. It was a miracle that God did in my Life, within a month I recovered from that. God saved me from the physical and spiritual death, to use me for HIS dynamic works. It is true that a person in Christ is a new creation. I am proclaiming this good news to all people at all times. It is my desire to live for Christ. The living God is loving me more and more to live for HIS Glory.

When I shared this life story with my brother Rev.Dr.K.Y.Krupanandam, he gladly came forward to keep these instances on paper.

Pastor P.K.Thomas of Union chapel has suggested the Title for this small book-let. Please go through the book and remember me in your daily prayer.

Rev. Dr. P. Victor Prabhakar

FOREWORD

Dear brother Pasala Victor Prabhakar, it is a great joy for me to know your decision for the lord to be in HIS full time ministry at the age of your 40 years.

I know your step for the Lord that it is not an emotional decision, because still I do remember your struggle to know the will of God, whenever we met to-gather in the past days.

You are a man with a lot of natural gifts. I know your burden for perishing souls, and I do pray that the Lord may use you and your whole family with all your natural gifts for the extension of HIS kingdom and for HIS Glory.

I do promise you that my prayers will accompany you every day and I want to tell you in your ministry “you don’t get always bouquets but also bricks” but one thing our Loving Lord is assuring you, I am with you always even until the end of the world.

God bless youand Give Much STRENGTH for His Glory.

THE HIGH LIGHTS & THE GLIMPSES OF BIOGRAPHY OF

Rev. Dr. P. VICTOR PRABHAKAR

The sun was as usual slowly crawling on to the horizon dispelling darkness that was encompassing the globe as a result the whole nature plunged into great excitement at seeing the countenance of the sun because sun is a life giving principle to nurture the nature.

At that time of tranquility, solemnity Mrs. & Mr. Samuel were vigilant because of the labor pains that Mrs. Esther was undergoing and later she finally delivered a male child to whom they have named “PRABHAKAR” which means “Sun” The innate inclination of the parents was that their son should shine like a sun for Christ in the midst of spiritual darkness, driving away the malice of this sophisticated environment. Later on they were inspired to prefix an adjective “Victor”

Which means “conqueror”, which word divulges their intention that he should be victorious thwarting the onslaughts of Satan. Victor’s beloved mother gave birth to four sons and to one daughter, out of all the five, Victor was singularly privileged to go along with his mother who has been the, Bible woman and, he heard the fascinating. Biblical stories and thus he assimilated the practical difficulties and joys that were implicated in the Lord’s Ministry. He further learned simplicity, integrity and hardship from his beloved father Mr.P.Samuel.

He had his elementary education from PremaSamajam, Upper Primary School from M.G.M.High School, and Intermediate from Dr. V. S. Krishna Govt Arts & Science College. It was on 7th February 1972; he was led to the saving grace of the Lord and accepted Him as his personal savior at the time of the youth Prayer Meeting that was held

at the Calvary Baptist Church, which is his parent church. It was in 1974 he joined the Hindustan Shipyard and on the 10th July 1976, he met with a major accident and was about to die but the gracious Lord had spared his life peradventure to do his Ministry. It was on the 14th January 1978 he started a spiritual youth team and named it as the Personal Revival Ministry which is doing greater work by His grace and you will see a few more details about it in these following forth coming pages.

On the 10th June 1980 Victor married a committed lady by name Helena Esther, a backbone to the successful ministry of her husband and that she later begot a son by name Samuel Ben Victor, a founding child of wisdom, alacrity and smartness whom they dedicated to the Lord's Ministry. The entire family frequently makes extensive tours on the Gospel errand, and work together with one accord and steadfastness for the Lord.

Victor's father-in-law is Rev. D. Benjamin, a godly person who gave him the requisite spur for promotion of ministry and education as a result he started his studies after a laps of seven consecutive years. He made a commendable achievement in academic and theological fields and did B.Th (Bachelor of theology a 4year course) from Serampore University. B. D (Bachelor of Divinity, 2 years from the same serampore university) and D. D (Doctor of Divinity) one year, from Hebrew Open Theological University and M. A (Master of Arts in Philosophy 2 years, from Osmania University, Hyderabad).

Rev. G. Sam Jaya Prasad Rao was his Spiritual guide and was according to him the spiritual impetus. In the years 1990-91 Victor had to face a tremendous ordeal and could not get out of it and ultimately he cried out unto the Lord for help, as a result, God sent His servant Rev. DR. K. R. Singh as a timely spiritual help who counseled with him as a friend, brother, and guide.

Victor by His grace was able to discomfit the adversary and his burden for perishing souls became more and more and so he tendered resignation to the Government lucrative job on 1st May 1992 and became a full-time God's servant. Ever since he is widely being used in the states of Andhra Pradesh, and Orissa, ministering God's word to the thousands both in-door, and out-door of the Churches. This is an indigenous and an independent ministry being carried purely on faith basis. The Lord gave him privilege to address 25,000 at Mudunurupadu, Thadepalligudem in A. P. He was endowed with gifts of healing, preaching and prophecies and many people are being healed and won for Christ our master. By and large he is a young, energetic and a dynamic person and has many years to go before him and that he covets your support of prayer and assistance for the expansion of God's Kingdom.

Thanking you very much,

Yours in His Ministry

Mother

Mrs. P. ESTHER

I by name Esther rejoice to say that I am the last child out of twelve to my parents and that my father was a good evangelist who faced many insults and difficulties for his master. I was glad to hear from the convers of my father that they splashed cow dung water upon the face of my father. I was blessed with 4 sons and one daughter and I developed a kind of hatred towards my third son, simply because he happened to be a son but not a daughter. Now I see the turn out of his service and I understand that he is in the purpose of the lord. Prabhakar used to accompany me in evangelistic camps along with missionaries and thus he was acquainted with the lord's ministry from his childhood. I very much desired to see him as a medical doctor but the lord who knows the intents of heart drove away the sin that was lurking in the heart and he made him a profitable evangelist for which I praise the lord. It is my wish and prayer that he should go forward in the Lord's service until the end, even if difficulties and storms encounter him in the service of the Lord God Most High.

Early days of fulltime ministry

1st May 1992 I came to the full time ministry

For the first six months I faced lot of troubles, as I have no church ministry. In those days my ministry was preaching, conducting meetings, village ministry. Just looking for the invitations to preach, no invitations from anywhere for preaching. Simply sitting at home and praying with tears. No money to meet the family expenses. There was no support from anywhere.

After the six months of great trouble

God sent a great man of God to help me. I conducted large crusades in Places like Rayagada; Eluru; Ongolu; Nellore at his cost. I worked like a coordinator. For six months I helped him. So I was busy all those six months in conducting the meetings. He did great help to me in all means. That encouraged me a lot to grow in the faith and strengthen in ministry.

How the early church started?

In the year 1993 1st October we started the church with 15 members. We conducted the services at a missionary school. Church was growing both in the number and spirit. When it came to the five hundred members and five hundred Sunday school children, troubles started. Some nominal Christian leaders and some non-Christian teachers from that school started to trouble us to stop the church services there. They dragged us to the police station and courts with the help of local political leaders. On one occasion they came with big crowds to attack us. By that time I was not there. They beat my wife in a very brutal way. For the result of that four teachers and one leader died in the tragic way. In these troubles and huddles we left that place after ten years.

Early Church Building

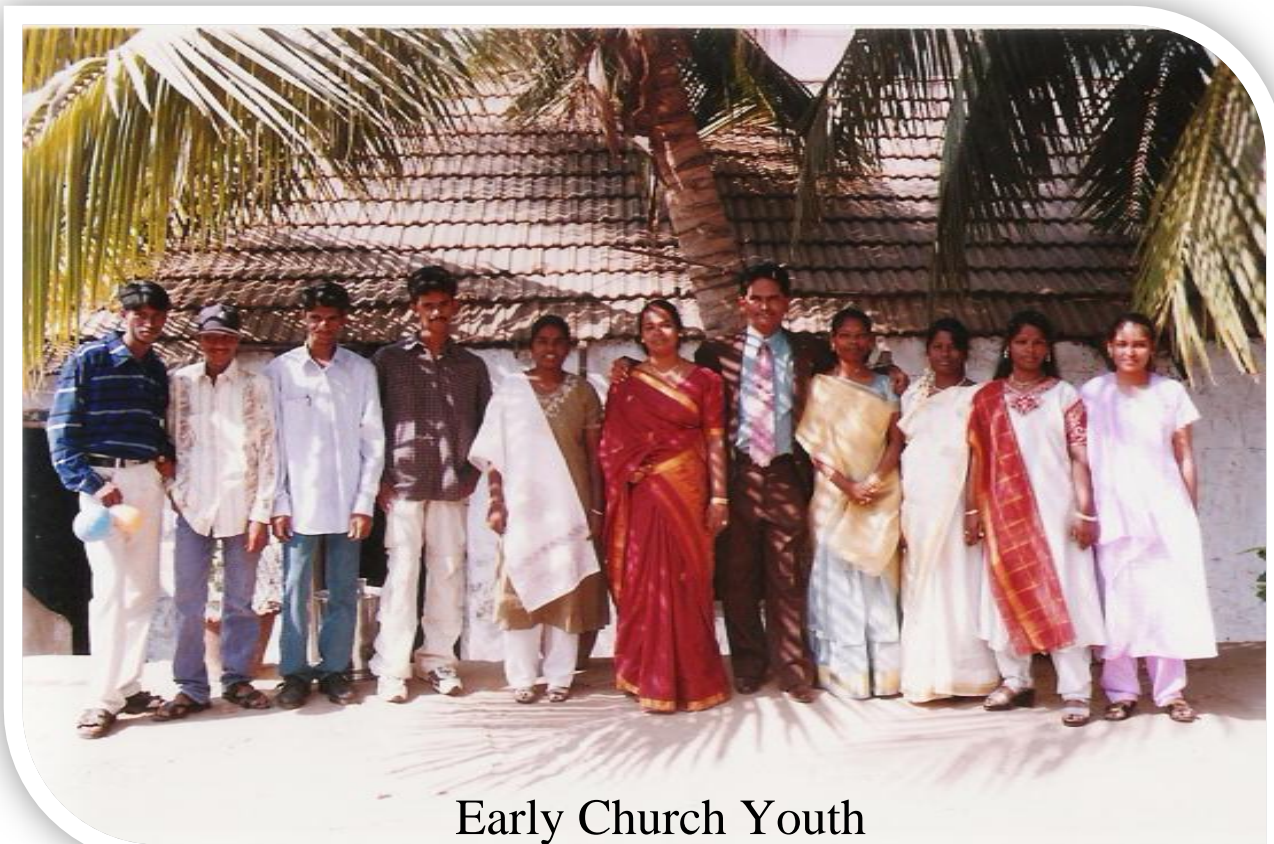

Early Church Congregation

hen we took a government community hall for rent . There the church started grows
Tin the number and spirit. We were there for ten years. Then we shifted to another
government community hall for one year. Then in the year 2013 we shifted to
another hall in agood location, where we can use the premises every day. It is not really big
size or small size. We are having three services on Sunday; each service accommodates 250
people. Besides this we have 1000 Sunday school children. We have 20 village Churches.
We can say church is growing day by day both in the number and spirit. We badly need a
permanent church building. Right now we have 5,000 congregations in and around.

1. Regarding the Old & New House

Old House

I was lived in the old house for the period of 18 years. That house I purchased with the money which I got from Hindustan Ship Yard, by the time of voluntary retirement. That's the single house with two bed rooms with no staircase to go to the terrace. We lived in that kind of house for 18 years. My wife used say, I have not seen the terrace any time, when you arrange staircase? I used to tell her next year. Like that I dragged on that subject for 18 years. When it came to 18 year, Sam arranged a mason to build the staircase by spending one lakh rupees. I told him not to do that, as God will give us ability to build a very good building. By that time this one lakh will be wasted. He thought that I don't do anything for the staircase.

I have learned in my life through my father's teaching, depend upon God for everything. God do things in His own time.

REV. DR. PASALA'S OLD HOUSE

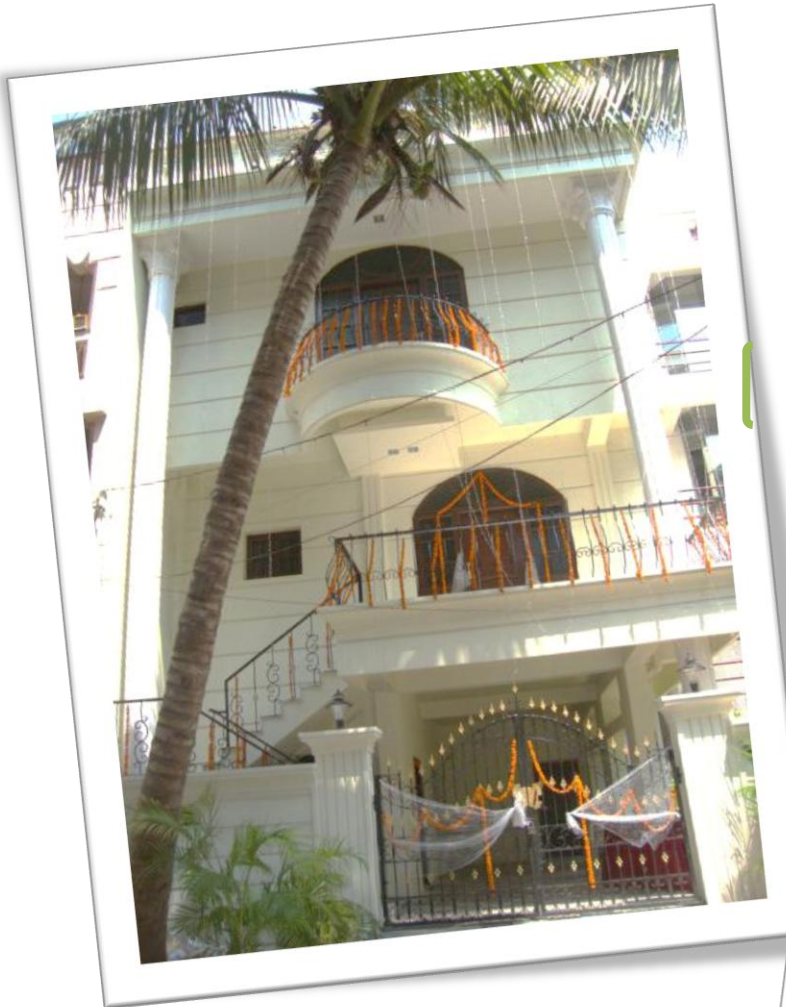

REV. DR. PASALA'S OLD HOUSE

New House

Finally we were able to build the five bed room three stored building. It was the beautiful building worth of real big money. I am not worthy for that kind of house to live in. It is the God who blessed me. We were able to accommodate the God's servants in our house in their visits. It is the blessed house.

REV. DR. PASALA'S NEW HOUSE

REV. DR. PASALA'S NEW HOUSE

Financial Miracle in America

That's the year 2000; we were in the great trouble with financial pressure. It came to a point to sell the house to clear the loans. That's an amount of US\$10,000 (Five lakhs in rupees). People used to laugh and mock at us. That's the very horrible movements in my life. There is no help from anywhere, it is dry and dying

situation. Lot of discouragement and thinking that, God is not listening and helping. At one stage we thought of going away from God to the worldly way to make money. I cannot forget that situations in my whole life. God opened the doors and helped me. I was in need of five; God gave me fifty. God taught me a great lesson, that He can only raise someone. We can do nothing with our efforts. Those situations thought me a lot to depend on God and not leave Him in any situations. Those situations changed my life.

Miracles in the Ministry

American pastor got life back

During my visit to America I was invited for the lunch by some American Pastors to a Chinese restaurant. Around eight people were there around the dining table. The Pastor who sat in front of me, was in the conversation with me, during eating the food. He is eating some rice dish which is mixed with egg. All of sudden his two eyes are turned and he is unable to take breath. I was really scared a lot. I started to pray with in me, Oh!

God what is happening around me? God is speaking to me to pray for him for the healing. I am questioning God repeatedly is it true? That I need to pray for his healing? God said yes. The manager of the restaurant came, he wants to call ambulance. I told him no. I started to pray for him as God told me. Rubbing on his chest and back, prayed for around five minutes. He came back to the original position and one rice ball with plum came out of his mouth. He came to senses and asked us what happened to him. That's the great miracle all people in the restaurant wondered and praised God.

Ludiyamma got life back

First Evangelist

One of our Church members named Ludiamma came to Church on one of the Sunday service. During the service some people rushed out. I felt something is happening wrong. Then I stopped the preaching and asked the youth to sing songs. When I went out, I saw the bunch of people around the woman Ludiamma. She lost her breath. The entire Church congregation is inside the church. I started praying to God give her life back. I felt like some electric power passed through me into her body. She got her life back and asking the people what happened to me. We took her into the church and praised God by continuing the service.

Mr. Ludiyamma

Sunder Singh got life back

Dr.Pasala Sadhu Sunder Singh

MY elder brother Sunder Singh admitted in hospital with the heart problem. One fine day in the evening I have received a phone call informing me that my brother was died. I went to hospital immediately and found that he is no more. He is still on the bed and the monitor connections are there to the body. The staff nurse was preparing to write the death report and I told her to wait for some time. With their permission I prayed for my brother. I asked God Oh! God give his life back. If he has committed any sins in his life, please forgive him, while I was praying like that, some kind of electric power passed through me to my brother's body. His life came back, the monitors started working. The staff nurse said, Pastor he came back to life from death. We all praised God for the Miracle.

Dr.Pasala Sadhu Sunder Singh

Barren woman got children

One Hindu convert started coming to our church. They have no children, for fourteen years. They went to many Hindu Gods temples for the children. There was no result. Finally they came to Jesus by hoping that He may give children to them. All the Church prayed for them. One fine day the couples were blessed with a boy child. They have been the regular members of our church. That lady works as the evangelist in our church.

Mrs. & Mr. B Kristudas

As an Administrator

Manager and Correspondent

I Worked as correspondent and Manager to C.B.M.U.P School for period five years. I was able to do the great job for the school development. Same time I got the pressures through the Christian and the secular leaders, not to do further good works for the school. The one and only problem there, that we are conducting the Church services there. The nominal Christian leaders tried their best to stop the church there. In that event they automatically damaged the school administration. In this event four teachers and one leader died. Everyone said that, God acted on them.

As the President of C.B.C.N.C

(Convention of Baptist Church of Northern Circars)

For one year I served as the President. I was also the speaker for the CBCNC continuously for two years. I was able to do some good works for the CBCNC. I was unable to continue for long period due to the defected leaders. CBCNC is in the need of redemption.

As the State Secretary of R.S.M.A

(Recognized Management Association)

Served as the Secretary for the RSMA for one year. In that season, we conducted a state meeting at Guntur. It was the successful meeting to gather all the correspondents of the management school around the state of Andhra Pradesh (when it was common state) we also conducted one state meet with the education minister at Hyderabad.

Visiting Nations

1993 June 8th first visit to America

Cloud storms hits the flight in my first journey

Took the flight from Bombay to Amsterdam, from there I got into another flight to go **I** to America. Once the flight took off it would take around 12 hours to take us to America. All these 12 hours flight go across the Atlantic Ocean. It is long run, during that time, while all passengers are taking their food; great cloud storm attacked the flight. All the flight is shaking like a toy. Food items are falling on floor. Then the pilot asked all the passengers to tighten the seat belts and pray to your God, as we are in a great danger. We all started praying. After some time the storm stopped. We all praised God for the way He saved all of our lives.

Wonder after landing in America

When I landed at America the immigration people gave one month to stay in America. The friends who were with me said, you must go back to India after one month stay in America. After two weeks of my stay at America, I approached the U S immigration center at Washington D C to extend my stay in America. They saw all papers and gave another six months to stay. I was able to stay seven months in America, on my first visit.

Wonder regarding life and renewal of passport

My passport got expired after my four months stay at America. Then I approached to the Indian embassy at Washington D C for renewal of passport. The passport officer saw my passport, asked me how you got the American visa? by the time I attended for U S visa in India, my passport has only five months life. When we approach for visa, passport must have minimum six months life. Then I came to know, God made the way for me to get the visa.

God's Protection through the darkest valley

“Even though I walk through the darkest valley; you are with me”

Psalm 23:4

Was happened to visit one of my friends at Leesburg V A. it is a very small town. My friend was not at home. Then I went to bus station to take bus to Texarkana AR. the bus scheduled to arrival at 10:00pm. That's a very small bus station where there was no staff in the night time. I was alone there for the bus. That place away from town, something like forest. Weather was very cool, the clothes I had, not protecting me from that cool weather. I thought I may die due that cool weather. Then I called my wife in phone (to India) to tell her that I am in a dying situation. As soon as she connected to me in phone, she said Happy Birthday as it was 1st October. I explained the situation around me. She told me that God will help you. After some time, I saw a car coming towards me. The car stopped in front of me, one young American girl got down and asked me do you need any help? I told her that I am unable to bare the cool. She gave me long full coat which she wore. She gave her hand glows and some other woolen clothes including a long and wide

muffler. Then she disappeared. I really do not know that was a person or an angel. God protected me from that great cool weather.

Helped an American Church as Pastor for seven months

Was privileged to help an American Church as pastor for seven months. They also arranged some public meetings to preach. We had very good response for that. During my preaching's in that Church, we found the growth in number and spirit. They celebrated my birthday in the year 1993 like a festival. I cannot forget that in my whole life. The whole church loved me a lot.

Tribulation in life and

Attack through the Demonic Spirits

Demon attacks during the Church services at Mission school

uring our problems at mission school, one non-Christian teacher approached a witchcraft man to send evil spirits on me to kill. She gave him Rupees.5000/- to kill me. That man sent an evil spirit to kill me. During that time God led me in more prayer life. I used to pray for more than 15 hours in a day. During that time the evil spirit came to my home and unable to enter into my home. It happened like that for a week days. The evil spirit has gone back to him. Then that teacher informed that witchcraft man and questioned why Pastor did not die? Then he told her that the Pastor got a bigger spirit than ours. The spirit he got, not allowed our evil spirit to harm him. She gave another Rs. 5,000/- to that man and told him to send a bigger evil spirit to kill me. He replied to her, the spirit which I sent will kill someone, if it doesn't kill that pastor. She said let me die if he don't. So that man sent the evil spirit on me. The evil spirit was unable to enter into my home as more prayers were being offered to the living God in those days. Then the evil spirit gone back and killed that teacher.

Nominal Christian's leaders attacked us to stop the church services there in that mission school. They gathered the non-Christian leaders and the political leaders with the help of police did every kind of evil against us. We can say it was great trouble we faced for the sake of the ministry. Result of that attacks my wife lost her job, dragged to court as victim, after two years the court gave the decree that we are innocent.

Pastors wife with two demon spirits

A Pastor's daughter who married a Pastor has two demon spirits in her. During her college days those evil spirits enter in her. Her father called a preacher, who got the gift of cast out the demons from people. He came and prayed for this demon influenced girl. For the time being the demons left her, but as their living in the demonic life, they came again back as the Bible said. They are dwelling in her from that day till now, as she naturally got the demonic nature. The strange thing happened in her life, that she married a Pastor. You can understand the situation of that Pastor. Her father's family totally destroyed because of their demonic nature and the demonic spirits. This woman with two demonic spirits was trying all of her life time to destroy the Pastor and the ministry. Here I can say one thing; most of the Pastor's wife's has the demonic nature which destroys the Gods work. That is the easy way for Satan to destroy the God's work. This lady does the preaching and does all kinds of evil things in the name of Jesus. She learned that kind culture from her family. I know her destiny is hell, because she did great damage to the body of Christ. I cannot say it is strange experience, it is evils sting to the Pastor who love to live for Jesus.

Demon appears during the prayer

One fine day I was in the payer around 3:00`o clock in the early hours. While I was praying for a Pastor's family, I heard a sound that something appears in front of me. Then I opened my eyes and saw a statue size of four foot height and three foot width. It is black stone statue and the entire statue is stone; but the eyes are like human eyes and looking towards me. It was speaking to me; why you are praying for that Pastor's family? They are allowing me to stay in their home. Do not pray for me to leave that Pastor's home. I questioned the statue; who are you? It said that she is the goddess of Sea. I commanded the statue to go away from there. After that the statue disappeared, I asked God what is happening with that Pastor's family. God replied me that the Pastor's family left Him and doing the evil practices. I have given them five years to repent for their evil deeds and come to me. If they don't, I will destroy the entire family. In the morning I shared this with my wife. She said it may be a dream for you, but it came to true after five years, as the God said. The Pastor's family did not turn towards God. I have seen the destruction of that family.

Visions

Visited the heaven

God gave me the privilege to visit Heaven in the vision. When I share this to any one, the vision comes in front of my eyes. In that vision I entered into heaven. Traveling in the streets of heaven and I found the pleasant atmosphere there. During my travel, I was watching the great mansions of heaven made by God and there are like very large buildings. I am in a vehicle which is taking me all around. While I am going to the end of the street, I found the tank of crystal. It is shining like many bright lights. I found a ladder in the middle of the crystal tank. I have not seen the top edge of the ladder. I saw the angels climbing the ladder and coming down. Many of the angels are doing it. It is not like how we climb the ladder; they are doing that like birds. They are continually doing that. The angels are in good size of body with number of wings. I am just able to see the wings which are helping them to go up and down. I have seen this vision around for an half an hour.

MANSIONS OF HEAVEN MADE BY GOD LADDER IN THE HEAVEN

Spirit left my body for 10 minutes

That's the time I was relaxing. It is day time and I was just taking a nap, while I am taking the nap, my spirit came out of my body. Then I found my body became like dead. My spirit was watching all-around, than my spirit was gone up to the skies. My spirit was gone so high from the earth. From there I was able to see the people on the face of the earth. I found the people fighting each other. Other side I saw the people doing the evil things. God is showing me what all the evil things were happening on the face the earth. I felt in my spirit what's the wrong with the people, why they became like that? I was grieved in my spirit for these evil deeds. Then my spirit started coming down to join in to my body. While it is coming close to my body, I found that my body was still in dead. In the couple of seconds I found that my spirit joined in my body. Then my natural eyes are opened, I found myself alive. It is all happen in the duration of ten minutes.

celebrations

On 1st October 2013, my begotten son Pastor Samuel Ben Victor organized my 60th years function in the grand sale by inviting the relative and friends with the church members. He conducted that function at Andhra University Assembly Hall Visakhapatnam. Professor Solomon Benny took the charge of arranging the Assembly Hall. Bishop K.R.Singh gave the message and my best friends and relatives gave their greetings. Lunch was arranged to all the participants. It was really good meeting with big crowds. My son Samuel did his best for the success of that meeting. I was well-pleased with the meeting. What a father expect more than this from the son?

Dr.Pasala's Prayer life

I started my spiritual journey with the prayers life. I have learned from my mother to pray in the early hours of the day. I started to get up by 4:00am every day for the prayers. That practice is continuing till today. It is doesn't matter by what time I go to the bed; I will get up by around 4:00am and starts the prayers by 4:30am. I can say that prayer life only making me to stand strong for Jesus. I strongly believe that the prayer less person is the power less person. Prayer can change the things. D.L. Moody said that "when you kneel down to pray; Satan will tremble". Trouble makes me to praymore. Those prayers are showing the results in my life.

Wonders through Dr.Pasala's prayers

One of neighbor who was jealous about us also with the anti-Christian spirit did some witchcraft on us by sending some evil spirits. He got that kind of habit to do on others also. Recently he deferred with us and started spoiling our belongings which are outside the house, like plants and the earth wire of house. Finally he did some evil by sending evil spirits on us. The result for that, our dog "Alex" became very sick. We were really unable to find out what happened to the dog "Alex". We took the dog "Alex" to doctor spent lot of money for the recovery. Finally our dog "Alex" died. We came to know that our neighbor did some evil work on it. When I came to know that, I started praying with tears. How this evil man attacks God servants house. I cried and cried in the prayers. For the result of my three days prayers, our neighbor was taken to the hospital by ambulance and next day came as dead body to his house. I was really shocked that how God acted very fast. This kind of things happened when we had the attacks on church around 15 years back. The

people in our street also came to know the power of Jesus and they witnessed that our God is real God.

Dr.Pasala Spending much time to meditate the word of God

As Samuel took charge of the total work, I am spending much time in the meditation of scriptures. I am preparing the sermons to preach in the Church and other Church meetings, also to keep sermons in the net. In the other words I can say that I am learning in this age of 62 years. I feel myself the whole life of someone is not enough to learn. I am an everlasting student. In the meditation my spirit rejoice itself in the word of God. There is life in the word of God, it makes us to alive.

Dr. Pasala Keeping touch with friends around the globe

I am spending much time in the net to write to friends to encourage them in the spirit. I am also sending all the updates of the Indian ministry for the prayer support. We have more than 316 videos in the You Tube besides the website. Very good response is coming from the friends around the globe. We are the universal family.Bride church, getting ready to meet Jesus in the rapture and preparing the others for that

Every day is the new day

Love to live for Jesus and also die for Jesus. My heart's desire is to live for Him every minute of the remaining life for Jesus, to reach the unreached. Struggling is there every day in the spirit, for the needs of the ministry and family. Great God is feeding us and leading us all times.

Message from life

Message for the God's Servants

This is very important message for the God's servants. Now - a -days, Satan is tempting God's servants with worldly blessings. When Satan tempted Jesus; he offered the riches of the world. Many God's servants are thinking to build their own kingdoms on the face of the earth. Securing many acres of land and building the earthly mansions like kings places. For their little family they are building huge buildings in the name of ministry. They are using the money of God for their worldly luxuries. In their mind's, ministry means to have the big complex with Orphanages/Old age home/School and Bible school. Nominal Christians are also treating them as the great servants of God. Jesus said to the disciples to go as two without any other things. In Hebrews chapter 11 from 33 verse to end it was clearly mentioned the reality of the God's servants. This world is not worthy for them. Secure the treasures in heaven. We came as naked from mother womb, go as naked Job 1:21. God servants need to secure the treasures in heaven Colossians 3:1-2.

Message for Children

In the beginning Adam and Eve disobeyed the God father. That made them to quit the Garden of Eden also they lost the bodies of glory. We know the story, all the way from heaven God came in the form of human body to shed His blood on cross to redeem them to bring the glory back. Coming to the end of the Old Testament, the book of Malachi mentioned these words in the end “He shall turn the heart of the fathers to the children, and the heart of the children to their fathers - Malachi 4:6”.

In these days I have seen many young boys are most disobedience to the fathers. I have seen that some mothers encourage the sons to rebel on father. One pastor’s wife encouraged her two sons to attack the father. The two sons took the father to the terrace of the three storied building and warned him not to raise voice in front of mother; otherwise we will through you down. I have seen the punishment of God on them.

Another son by listening mothers complaints; he beat the aged father brutally. That old man cried in front of me by telling the situation and the evil ness of the mother and son. Another son killed father for the sake of property. He is now in the prison.

Another son; he is the pastor and son of a pastor. He uses to shout on father brutal way all times and bothering him in all means. What that old father can do? He can do nothing, other than pray for that son. King David also faced this kind of problem through his son Absalom. We know how God killed him. In the same way, the pastor’s son who is pastor died in the accident on the road.

The word of God is very clear “Honor your father and your mother, so that you may live long in the land the LORD your God is giving you - Exodus 20:12”

We must teach the children to fish them self's; not to feed with fish. Every child must bring good name to the parents, If it is not so, don't bring bad name.

Message for Wife's

You wife's, be submissive to your husbands as you submissive to God. The worldly teachings are to rebel on husbands. During my travel in the world, I found many disobedience wives. We can say 85% wives are disobedience to husbands. No husband comes out by complaining against wife, that she is not obedient. I know some wives, who beat husbands. Satan is using Pastor's wives as an instrument to destroy the ministry.

Pastor's wife killed him

I know one Pastor, who was killed by his wife. She made the husband body as pieces with the help of her boyfriend and kept in box and left it in the passenger train. That box traveled from Visakhapatnam to Vijayawada. Police took lot of time to trace the killer. Finally police were able to catch her and kept in prison.

Wise woman builds the house

As the wife you must be in the stage to build your house. You need to spend much time in the prayer and word of God. You must show an exemplary life for the children to follow Jesus. If your husband is not believer or not good in life, it is your bound duty to pray for him. Your prayers will change him as the scriptures said. Do not harm your husband in any means. There is a woman behind every great man. God made the woman from the man, for the man. That is the great mission of God. But Satan miss leaded them and destroyed the plan of God. The same story is happening in the families till now.

Woman with Jesus will be able to build the home (family). I became the God's servant because of my mother's prayers the guidance to grow in the spirit to live for God.

Praying Mother

My mother used to get up in the early morning, to pray for the family including all other prayer requests. I myself learned to pray in the early mornings by seeing my mother. Even at 62 years of age, I get up between 3:30am to 4:30 am in the early morning to pray. As mother you must uphold the family in the daily prayers.

Message for Father's

Father is the head of the home. He must have the model life to lead the home in the Godly way. Most of the fathers are failing in their lives by involving in the worldly things. Such as addicting to drugs, liquors and womanizing. Some fathers are least bother to take care about the family. My father lived for the children. In his poverty he uses to give everything us, when he got no good clothes, he use to buy new cloths to us. We witnessed the care and the sacrifice of our father towards the children. We can say he lived for us and died for us. We four brothers and one sister are in the very good position in the life only because of our father's love and care. We owe to him as he sacrifices his life for us.

Message for the total Family

“Family is founded by God”

“Family is the Foundation for the Society”

“Prayer and the word of God is the Foundation for the Family”

Final word

We are not here on the face of earth accidently. We are all in the plans of Living God in his predestine. He knows us by name and watches all our ways. We must know the plans and purpose of God in our lives. We can do nothing with our own efforts. When we surrender to God with all our mind, soul and spirit, He will use us in the way He likes. We are just like instruments in His hand. He molds us and uses us in the way He likes for His Glory. Many people failed in their life by using their own plans. We can see many people in the Bible history that those who failed in their lives. Life is soprecious; we must use it to glorify God. If we don't take care about life, sometimes the damage will take place where we cannot repair. I have seen many God servants failed in their lives. We must know we are nothing at any time. God is everything. His will be done on the face of the Earth as it is in the Heaven. As for me all these years of life, I am learning. I need to learn a lot in my life. Whether God grants me or not, I love to live for Him and die for Him. He is my Savior, Shepard, Father Totally my Loving and Living God. "I came naked from my mother womb and go as naked" I love to live for Jesus and Live with Jesus for ever and ever in the eternal Home.

Forthcoming

I am writing the 3rd face of the life from 61 years. Those things will be added to this book after my permanent call to the eternal home. God gave the assurance that I will not see the first death; as I will be lifted up in the Rapture to live with Him in the eternal life for ever and ever. Amen!
